MYLandlord Cares is your one stop property solution.

We take over once you have completed your deal. This means you don't have to panic about what to do next.

We pick up your keys and undertake refurbishments if required. And then once this is done we will market your property and get you your perfect tenants. So you can enjoy your income hands free. Knowing that you have a team who is sorting everything out.

Why choose us?

We are landlords ourselves and know exactly how hard it is. We bring our own experience and knowledge to help you. Our agency was created from our own frustrations with High street letting agents constantly falling short of achieving our expectations.

We work with many key partners in the industry such as local Councils, NRLA, charities, citizens advice bureau and many more, to provide bespoke support for tenants and peace of mind for landlords.

We are able to undertake small and big refurbs to get property tenant ready, so there is no need to find different contractors we can do this for you. Speak to one person not 10.
