

COVID-19 UPDATE

August 24, 2020

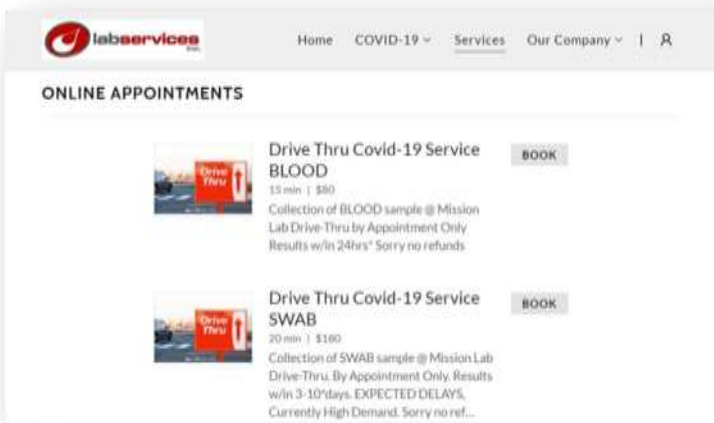

Dear Valued LSI Customers,

Lab Services, Inc. continues to closely monitor the events pertaining to the COVID-19 pandemic. *Our top priority is the health and safety of our employees, donors, clients, visitors, and the communities we serve.*

We understand that your time and the need for laboratory services to operate your business are very important.

We recommend appointment services online at www.labservicesinc.com/services for

- Drug & Alcohol Testing
- DNA Paternity Services
- Phlebotomy Services

We recommend you document your delayed testing according to DoT guidelines and communicate resumed testing to Lab Services, Inc. through your normal reporting channel (email, fax, formfox, etc.)

We remain open and ready to serve you in our Mission Laboratory location. We have activated our business continuity plan, which means that we have measures in place to protect your health and safety when you visit.

Protect Your Health, Live Healthy!

Sincerely,
Richard Gaytan

Richard Gaytan MT(ASCP)
Laboratory Director
