President’s Message  Joan Fuquay

SPRING IS HERE AND SO IS YOUR First 2020 GRF NEWSLETTER. 2020 arrived in a rush of activity at your Board of Directors. We have a fine crew with which to work and every director is doing their part to provide the services you should expect.

Kevin Monsma, our treasurer, is keeping us updated on our budget so we stay within those limits. When possible, we are getting several bids for projects and services. That is no easy task sometimes, because it can be difficult to have tradesmen come “all the way” up here to bid on projects. Among other endeavors, we are planning on repairing the pool deck and making that area ADA compliant with ramps and necessary equipment. We also anticipate having the walkways sealed and a new surface for the tot lot.

Bob Ritzman is preparing for pool season with new job applications, employee packets and staff training. We are also reviewing pool rules and ways to enforce them. We anticipate the opening to be Memorial Weekend. If you know of anyone interested in being a pool attendant, please have them contact Karen for an application.

Marie Zandona-Harger is heading up the Architecture/CCR Compliance Committee. Unfortunately, because we have been short staffed in the past, we have not followed up well and some of our properties need a little more attention. The emphasis on fire safety has made it very clear that we all must do our part to make our own properties compliant with the CC&Rs. After all, we did agree to them when we purchased our houses and lots, and it is in our best interest to maintain and enhance our property values.

Dominique Smith has been working tirelessly for several years now to clean up our green belt and create a more firesafe community forest. He has worked with contractors to clean the undergrowth and to remove dead trees. To this end, he is actively participating in the Firesafe Council, and as you will see later in this newsletter, has been participating in the grant acquisition process with the Council along with Sherry Hawk and Pat Schoggins. Keep reading for more great news on all their endeavors.

Defensible Space Inspections begin June 1st

The Gold Ridge Forest POA has been selected as one of the first locations on the Vegetation Management Program defensible space inspection list for 2020. ALL properties in Unit 3, Garnet Rd., Diamond Dr., Diamond Court, Pearl Rd. and Lava Lane have been identified. See detailed maps along with check list.

Next Board meeting -
Wednesday, March 25th
7:00 pm at the Lodge

President’s Message continued from p. 1

I have spent many hours trying to figure out the new legislative changes we have encountered and how to incorporate them into our governing documents. Those documents, by the way, are still undergoing updates and are being made current. The CC&R Committee has finally completed their review of that document and is in the process of preparing to present it to the board. After a few more steps in the process, the new documents will be mailed to you for your approval.

So, for now, enjoy your spring, pray for rain and snow, and prepare to have a wonderful summer in our forest wonderland.

(Civ. Code §5105(c)(4).
NOTICE OF DUTY TO REMOVE AND ABATE WASTE, HAZARDOUS VEGETATION AND COMBUSTIBLE MATERIAL BY JUNE 1, 2020.

Dear El Dorado County Property Owner,

Your property is included on the Vegetation Management Program defensible space inspection list for 2020.

This notice is being sent as a courtesy reminder of your responsibilities as a property owner for fire hazard reduction and creation of defensible space. The El Dorado County Vegetation Management Program defensible space inspection criteria and deadlines are included in this letter. Please read this notice carefully.

Please check our website for postings of community meetings regarding this notice: [https://www.edcgov.us/Government/CAO/VegetationManagement](https://www.edcgov.us/Government/CAO/VegetationManagement).

FIRE HAZARD REDUCTION and DEFENSIBLE SPACE DEADLINE - JUNE 1

In accordance with El Dorado County Ordinance 5101, Chapter 8.09, improved parcels and designated unimproved parcels located in unincorporated El Dorado County are required to perform fire hazard reduction and defensible space clearance of at least 100 feet from all habitable structures by June 1 of every year.

DEFENSIBLE SPACE INSPECTIONS

Once El Dorado County Vegetation Management Program staff begins conducting defensible space inspections, failure to meet the Vegetation Management Program requirements may result in citations, fines and/or forced abatement for noncompliance.

HELPFUL TIPS AND INFORMATION

- **“Sample” Inspection Form (Cal Fire’s Notice of Defensible Space Inspection)** - Included with this letter is a sample inspection form which lists the criteria that will be assessed on properties during defensible space inspections.

- **Wildfire is Coming. Are you Ready? Flyer** - Defensible space requirements and home hardening information for property owners.

- **ReadyforWildfire.org** - Online resources to prepare for wildfire.

- **Start Neighbor to Neighbor** - If there is a concerning property in your neighborhood, start by talking to the property owner or collaborating with existing efforts through Fire Safe Councils. They may already be working with the property owner to resolve the issue. Inviting a neighbor to learn more about fire hazard reduction and defensible space often yields the best results.

El Dorado County Air Quality Management District (AQMD) - Complete a burn permit application by calling 530-621-7501 or online at: [https://www.edcgov.us/Government/AirQualityManagement/burnpermit](https://www.edcgov.us/Government/AirQualityManagement/burnpermit)
