

FAT ENOUGH MASTERING

SERVICES AND PRICING LIST

Professional mastering and audio services to help your music sound its best.
High-quality results, clear communication, and a dedication to your sound.

1	Standard Stereo Mastering Standard stereo mastering of one song. Includes standard delivery package of hi-res file, CD quality file (16/44.1), and press mp3.	\$50.00 per song
2	Stem Mastering Additional \$10.00 is on top of the standard mastering price. When more flexibility is needed at the mastering stage, this is a good option.	+\$10.00 per Stem
3	Vinyl Side Preparation Preparation and sequencing of vinyl sides plus a queue sheet to provide your cutting engineer.	\$45.00 per 2 sides
4	Bottom Up Mastering + Full Song Engineering Consulting This is the highest level of attention you can give your project. Loop me in at the onset of your next project. I will work with you and your team of producers and engineers to ensure the project has top quality sonics when it is finished through the implementation of best practices of each stage from recording to mastering.	\$250 + \$45 per hour
5	Additional Masters Additional masters for accapella versions, instrumental versions, clean radio versions, or dub versions of your song.	+\$20.00 per each
6	CD DDP Generation Generation of DDP image for your mixtape or album. This is used if you intend to release your project on CD.	\$20.00 per each
7	Audio restoration Audio restoration of your single, ep, album, or audio. Useful for cleaning up your audio if mixes are lost or not available.	\$45.00 per song
8	One Year Mastering Subscription Virtually unlimited mastering for an entire year. Up to 450 songs. Good for high volume releases such as AI generated music.	\$20,000.00

All prices are in USD. If these prices are out of your budget, please get in touch. If mutually beneficial, I will work to master your project within your budget. E-mail me at Nick@FatEnoughMastering.com with any questions.
