A YEAR OF SUCCESS

Something unique about The FOUNDATION is that our vision does not only benefit individuals with Down syndrome, our programs benefit everyone we touch in the community. Each year hundreds of community volunteers help us bring our vision to life. Our volunteer satisfaction level is almost always 100% and our volunteers KEEP COMING BACK. They say they LOVE to serve with us! It feels good and it DOES good! Creating a more inclusive and diverse community means opening eyes and hearts to new possibilities.

We believe when **POTENTIAL** is given **OPPORTUNITY** the outcome is **SUCCESS!**

PROVIDING OPPORTUNITIES

The FOUNDATION believes that the more opportunities any individual is given, the greater the likelihood of their success. Our vision is to create an environment where people with Down syndrome are included in every facet of the community, not just for their benefit or an act of charity, but because it truly makes classrooms, businesses, sports teams and organizations better places for everyone!

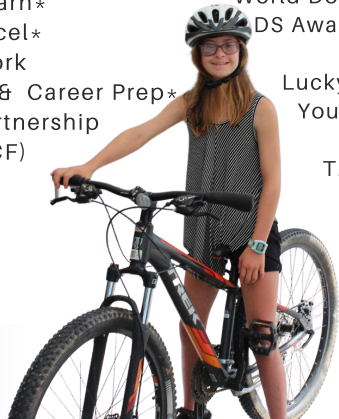

We provide over 20 programs a month to bring this vision to life. Here are a few of them:
