If I was considering changing my usual brand(s) of skincare products to Emay Skincare, I would do so for the following reason(s)

All of the above:

I think it would be more effective, I believe it is higher quality, it feels better on my skin, I would like to change to a brand which has products containing hemp seed oil, I like to support locally produced goods, I like to support Australian made products, I think the ingredients are better for my skin, I prefer the scent.
