

Tumalo Basin Sewer District Need's Your Input!

Tumalo Basin Sewer District Open House

Monday, September 14, 5-7 p.m.

Tumalo Community Church, 64671 Bruce Avenue, Tumalo

This is a drop-in event. Meet with district board and project team members to talk about potential sewer options in Tumalo.

The Tumalo Basin Sewer District was established to provide a long-term, sustainable sanitary sewer system for the Tumalo community in 2024. The District's goal is to replace failing septic systems with a reliable sewer system to protect health, the environment, and existing properties in Tumalo.
