...DISCOVER FAMILY FUN IN METAL DETECTING...

The Club would like to welcome the following new members to our group. They are... John Chase of Winter Park, John Jay Gavlick of Winter Springs, and Gene Hitechew of Orlando, Florida. Please extend a welcome to these folks at the July meeting!

June Meeting Newsnotes.....

Rob Loucks got \$25.50 for his winning share of the  $\frac{1}{2}$  &  $\frac{1}{2}$  draw. Lorine Raw proved once and for all that she is indeed a lucky lady when it comes to being on the winning side more than once- she won \$30.00 when the numbers were picked. Lorine also won in March with \$25.00 when #38 was picked.

Our meeting spot was the Winter Park Memorial Chapel June 15. Due to a snafu by the booking agent for the Civic Center we met at the last minute at the Chapel located on 4150 Forsyth just south of Aloma and a 5 minute drive away. We had 41 members present and approximately 6 guests several of which joined our club. Our dues paying membership now stands at 89 members.

Topics of discussion at the meeting concerned a charity event (to be announced at the August meeting), the up-and-coming "big" hunt (a separate flyer is attached), the June 29-30 hunt in Green Cove Springs, and a trivia question game emceed by Douglas Melvin.

The Charity event will have a local charity involved which will be the recipient of our donations. Several were mentioned including "Big Brother and Sister" and the Russell Home for Atypical Children. See August news for more on this!

The weekend hunt at Green Cove Springs had 27 T'hr's and 4 guests present. Dinner served potluck style at 7 on Saturday evening featured chicken and plenty to eat in a Girl Scout camp dating back to 1933. Platform tent camping was featured for those who chose to stay overnite, and the camp provided ample opportunity to obtain some real finds.

The finds reported early on Saturday included dateless Buffalo nickels, a Barber Dime, several mixed metal rings, Girl Scout pins, memorabilia dating from the fifties, and several spoons, one a US camp spoon found by Milton Raw and an attractive Sterling spoon found by Lydia Ackerman near the picnic tables in the Main Dining Hall. Of course, plenty of modern day change mostly of the cent variety was found in one area- the Editor will report in the August Newsletter some of the finds that are of note from Sunday's hunt. This site was one of the most beautiful we have had the opportunity to search, and promised to yield some good finds and opportunity on future hunts. For the record we have been denied access to the Boy Scout camps located in and around Florida should any of the members question why we search Girl Scout camps only.

Bill Ackerman brought home the problem that we have in searching local county parks and federal parks as of late. As of this year we are not allowed to search national and federal parks and are subject to fines and confiscation of equipment by authorities. The Spring 1991 issue of The Quest, the publication of the Federation of Metal Detector & Archaeological Clubs, Inc. features this on pages 1 and 2. Copies are available at the meetings of the Club for your perusal. It is suggested that you contact your local representatives who are Bob Sindler, FL and Bill McCollum, Representative for the Fifth District in Washington, D.C. for your views on the subject.

### Trivia Contest....

Douglas Melvin hosted a Florida Trivia Test to the audience. The questions all from the book titled Florida Passport available in local bookstores or from VJR Passports, Inc., 1945 Northwestern Avenue, Madison, WI 53704 or by phone (608) 249-7167. This compendium of trivia is packaged in a pocket-sized blue book and features some questions such as...

What is the official State song of Florida?

- a. "Dixie" b. "Our Florida" c. "Old Folks at Home" d. "Oh Beulah Land"

The answer is "Old Folks at Home", pg. 30 and written by Stephen Foster. For those of you that would like to follow this up further there is a move underway in the Legislature to change the theme of the song (it is offensive as it implies that Florida is a place where old folks come to live and are reflective of our State's image) and to have an author that is Florida born. Stephen Foster was a native of Georgia, and has penned other songs which included the well-known "Down the Suwannee River."

### Lyme Disease up-date....

A portion of an article from the Orlando Sentinel, Friday, June 28, 1991 states that..."We have now determined it does exist from an area of Ocala northward through the central part of the state," said Rob Mullen, an epidemiologist with the Florida Department of Health and Rehabilitative Services. For further reference check the May Newsnotes.
