APRIL 2018

Carolyn Harwick: From The President's Desk

It is almost time for the 6th Annual Sunshine Shootout and Relic Hunt we will be hosting at Moss Park on April 14th. We will have lots of participants coming from all over the country to take part. It takes a lot of planning for this event and we could not do it without the volunteers or support from all of our sponsors. Thank you so much to all of you!

This month's meeting will be a busy one. Remember the meeting will be starting at 7 pm. If you cannot make it by 7 pm, you may still enter your finds on the find's table until 7:30 pm. We will begin registration at 6:15 pm. You can come early to register or register on the break. We have a list of volunteers for the Shootout and at the meeting we will be going over specific tasks that need to be handled. We will need help taking some items to the park, so if you can help, please let us know.

Our shirts for this year's event have arrived and will be on sale at the meeting for \$10 each. We have a limited amount of shirts, so be sure to purchase yours right away. We will also have them for sale at the Shootout as well.

Remember at the Shootout this year in addition to raffles and shirts, we will also have vendor's with lots of different items for sale and guest speakers. The day will be long but lots of fun and a lot to do. Be sure to bring your chairs as the seating is limited.

We will not be entering Moss Park early this year and cannot get in until 8:00 AM. We will start lining up around 7:45 AM for setup. I am confident that with everyone pitching in and helping, we will be able to have everything ready to go on time.

See you at the meeting!

Carolyn

The Central Florida Metal Detecting Club is pleased to announce that we will have a very special guest speaker, professional water hunter Steve Zazulyk for our next club meeting on Friday April 13th, at 7PM. Steve is a dive detectorist and treasure hunter from Canada. He was also the detectorist on the first season of the "Curse of Oak Island" reality TV series. He and his dive partner, Ryan Fazekas from Anderson Detector Shafts, were recently featured in a diving episode on "Diggin' With KG and Ringy". Steve runs the "Dive Detecting" page on Facebook and travels extensively in pursuit of adventure and underwater treasure. He also has a featured article on diving in the most recent issue of 'American Digger' magazine (pg. 54). Steve is a husband, dad, business owner, entrepreneur, writer, photographer, videographer and just an all round fun person to be with. He will also join us the following day, Saturday April 14th for fun and hunting at the 2018 Sunshine Shootout and Relic Hunt . Come join us as Steve shares his adventures on Friday night and all day Saturday. Photo ops. and autographs will be available... (there might also be a prize or two given away at the meeting, just sayin')
