President's Corner

Hi everybody:

We are having some great weather for detecting but it won't be long before the old hot sun comes out and then we will have to find some shade.

We have a good activities calendar for the rest of the year. The dates are almost right except for the overnights. These sites need to be checked out and then you will get the right dates. We will not disclose the locations of some of our hunts but the type of hunts are what are posted. The activities will be posted in this newsletter. The over night camp for November has been canceled because of lack of interest or was to much money. We will probably have a different one to replace this one so keep checking the newsletter.

I have had 9 treatments as of today (6/5). I will need to do 11 more. Thank God I do not have to go through chemo. All of this is done by radiation. I do have some sores in my mouth but maybe that will stop me from eating so much. The tumor has been shrunk to about 1/3 the size it was. I also had an irregular heart beat so they used the paddles on me to get it back in rhythm. This old sickness is getting real frustrating. I thank you for your concerns and prayers.

I saw Don Hurtig at the D&F meeting and he is doing as well as can be expected. God bless you Don and we wish you the best of recovery.

Keep checking out our web page. Jerry Hitson is doing a great job of putting it together. A lot of the shoot out pictures will be there. Lorrie Sprigg is doing a super job as our new activity director and if you have any ideas she would appreciate it very much. She has some great ideas for next year. Lets all think of some thing we can do to help.

I am not buying any more silver as of now. I have enough for the rest of the year and silver is getting higher. **CLUB DUES ARE DUE.** If you have not paid them then that is why you are not reading this newsletter.

You need to check with Bill Shackelford for the Challengers Program. It is a very good way to get you started hunting for good items.

We have more members that are qualifying for the Hall of Fame. If you find an item and return it to its owner you will have your picture taken and be entered into the Hall of Fame.

We are considering a different shelter for our food items. We will let you know. We are still having new members every month. And if you see someone that looks new, speak to them and make them feel welcome. If we have not seen your smiling face for awhile, we have missed you, then come to the meeting and bring a stranger.

Secretary's Report - Chuck Hosbein

The May meeting of the Central Florida Metal Detecting Club was called to order at 7:30 by club president Ray Leist. The meeting was opened with the Pledge of Allegiance led by Bill Green.

The joke of the month was about a little guy in an elevator and a big guy who walked up behind him.

We had a few guests at the meeting for May and they were recognized by the club. No new members joined the club in May.

Several of our club members had birthdays during May. They were recognized and received silver quarters from the club. There were no anniversaries for May.

Ray noted that there is a scheduling conflict in July and that our July meeting will be held one week later than usual. Mark your calendars, the July meeting will be July 17th.

There was a calendar of upcoming events in the May newsletter. The dates are tentative.

Information sheets and cards were available at the meeting. If you need one, see Ray.

Ray gave awards to Ron DeVary and Jerry Hitson for finding and returning class rings.

Jerry Hitson noted that the club's web site will need to be moved because the vendor is shutting down. Ray took a vote and the members approved the move and the monthly cost of the site.

Ray noted that he had a tooth pulled and found Hodgkin's. He will be undergoing radiation treatment and the outlook was very good.

The meeting was adjourned at 8:30.

HERE'S A TIP

Always, ALWAYS, recheck the hole after you retrieve your target. Multiple coins in one hole are common, especially in areas where people can sit against a tree, or where they are knocked to the ground and rolled around (like tackle football).

FIGURE IT OUT...

A man was found murdered on Sunday morning. His wife immediately called the police. The police questioned the wife and staff and got these alibis:

The Wife said she was sleeping.
The Cook was cooking breakfast.
The Gardener was picking vegetables.
The Maid was getting the mail.
The Butler was cleaning the closet.

The police instantly arrested the murdered.
Who did it and how did they know?

All mistakes and misspellings were intentionally made so that you could have the pleasure of finding them.

FIGURE IT OUT ANSWER

It was the Maid. She said she was getting the mail. There is no mail on Sunday! (next day air and email doesn't count)

ANNOUNCEMENTS

from Jerry Hitson, webmaster

Dear friends,

I'm excited to announce the completion of the new web site and I hope to attract lots of visitors (and prospective members), so I invite you to visit the site now to learn more!

I have inserted "meta tags" to help to increase the rating and popularity of the new site, so all links will point to it and not the old site. BTW, the old site will disappear in October, so please save it in your favorites and forward this to as many friends and family as possible to avoid people coming to a dead link in October!

Please tell anyone who might be interested; to help me spread the word. The new website address is.....
