

Susan Allinder

Professionally Speaking . . .

As a Community Association Agent with Waves, Susan comes to this position after fourteen years in the industry, having worked in both property management and association management, for two other association management companies. Susan's duties include working with the Board of Directors, as well as owners, to keep the community clean and neat; participating in both owner meetings and board meetings; and working with bookkeepers to keep accounts current.

Along with being a Community Association Agent in Alabama, Susan is a licensed Florida CAM. She also earned a Supervisor Certificate, becoming a supervisor early in her career. Her proficiency with TOPS, Vantaca and Quickbooks platforms is an asset to our team as she transitions to using Waves' portal and assisting bookkeepers as they manage clients' accounts.

Susan says that, in her career and in life, she believes it is important to, "Always be kind. You never know what the other person has faced before they got to you."

Susan tells us the thing she loves most about her job is, "The smile on an owner's face when I have helped them resolve an issue or problem."

Susan's great work ethic, her spirit of cooperation, and her passion for helping others is a great benefit to our Waves team and to our clients.

On A Personal Note . . .

Susan has been married to her husband, Spencer, Allinder for thirty-three years, They have two sons and two daughters-in-law, Zach and his wife Morgan and Elijah and his wife Whitney. They have sweet little families of their own, so I am blessed to have four grandchildren: Three handsome grandsons and a beautiful granddaughter.

When talking about who she is, Susan says, "I have been a believer since I was a small girl, and I am truly grateful for all of the blessings the Lord has given me and my family. I am a little nerdy and definitely clumsy! Anyone who knows me, knows these two facts are true."

Something most people don't know is that Susan grew up in Oklahoma, and moved to Alabama with her family when she was eighteen.

Susan loves being outside, working with flowers and playing with her grandchildren.

Along with volunteering for the Feed Foley Program through her church, Susan takes Thanksgiving and Christmas meals to those in need. She has also participated in Relay for Life and Beach cleanup day and says "It is shocking what is left and washed up on the beach."
