

Welcome to the Janssen BioAdvance® program

A comprehensive support program to help facilitate the treatment process for both you and your patients on ERLEADA®.

Janssen BioAdvance® provides customized care for you and your ERLEADA® patients throughout their treatment journey including:

- reimbursement support
- patient education
- reminder calls
- home delivery of ERLEADA®

ERLEADA® (apalutamide tablets) is indicated for the treatment of patients with:

- metastatic castration-sensitive prostate cancer (mCSPC)
- non-metastatic castration-resistant prostate cancer (nmCRPC)

ERLEADA® has not been studied in patients with nmCRPC at low risk of developing metastases. The benefit and risk profile in these patients is unknown.¹

Services for you and your ERLEADA® patients

Janssen BioAdvance® Coordinator Services

Upon enrolment, your patient will receive a welcome call from a Janssen BioAdvance® Coordinator who will be the one point of contact for you and your patient throughout treatment with ERLEADA®.

Reminder Calls

The Janssen BioAdvance® Coordinator will call your patients to remind them to take their medication and check if they are receiving required monitoring services (if applicable).

Patient Education

Throughout their treatment journey, your patient will have access to ongoing support and education through their Janssen BioAdvance® Coordinator, who is only a phone call away.

Reimbursement Support

Your patient's Janssen BioAdvance® Coordinator will do a full investigation into reimbursement options.

Free Home Delivery

If requested, patients have the added convenience of free home delivery of ERLEADA®.
