Dear Parents:

We are doing everything we can to protect the children and families in our program from the spread of COVID-19. To this extent, we are following the Centers for Disease Control (CDC) and local health department guidelines regarding practices to reduce the spread of the Novel Coronavirus, or COVID-19.

Among all the normal daily health and safety procedures we utilize, all staff, children, and families are required to wash their hands upon entering the building. We are taking temperatures, disinfecting surfaces, and providing hand sanitizer. We are also following our sick policy in regard to illness symptoms.

If we all work together, we can overcome the spread of COVID-19 as well as other infectious diseases. We are doing everything in our power to continue to practice proper sanitizing measures throughout the day. By signing below, you are bringing your child to our program at your free will and are agreeing not to take legal action against Smart Start Pre-Prep, if you or your child falls ill with the Coronavirus.

SMART START PRE-PREP, LLC.
