

DUCK AND COVER

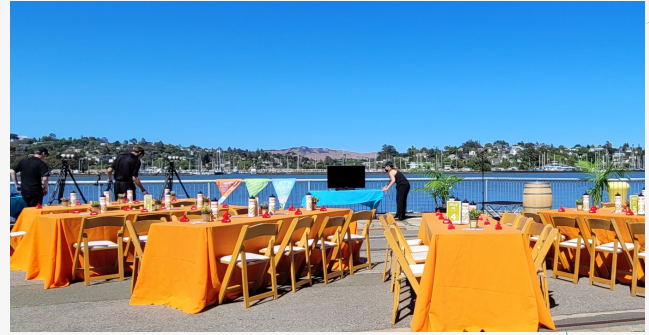

ARE YOU OVERWEALMED PLANNING YOUR NEXT EVENT?

As I help clients move forward with planning Fall events, they encounter all the familiar production challenges of virtual events while bringing back the in-person experience.

How do we create a live streamed event at an in-person event? What equipment do we need? What about the venue and can they handle a hybrid event? And let's not forget about safety procedures for COVID. There are a lot of unknowns, and it can quickly become overwhelming. Ducks in a Row Events has the answers and the professionals to get the job done.

I'm thrilled to offer our team of experienced event managers and professionals to produce a successful event. While many nonprofits were still trying to get their heads around virtual events, we were managing and producing in-person, virtual, and hybrid events.

We have the creativity and resources to produce awesome virtual events with all budget levels.
