PREMIUM REQUIREMENTS

(1) GENERAL

(a) The state aid authorized by s. 93.23 (1), Stats., may be paid on net premiums paid by a county or district fair. The department may withhold state premium aid from any fair that does not enforce animal health provisions under ch. ATCP 10 that are applicable to animals exhibited at the fair. State aid will be paid only on premiums actually paid by bank check or draft.

(b) No deductions may be made from premium money won by an exhibitor. Premiums may, however, be withheld where exhibition rules established by the fair association are violated. A written statement of violation shall be submitted to the department to justify action taken by a local fair.

(c) Premiums offered shall be definite in amount. No decrease or increase in published premiums may be made because of the financial condition of the organization or for any other reason.

(e) No county or district fair may receive state aid for a premium awarded to any exhibitor in the open division if that exhibitor entered the same exhibit in the junior division at the same county or district fair. This paragraph does not apply if the exhibit was entered in the junior division only as part of a herd group, carcass class or performance class.

(f) No state aid will be paid on the cost of ribbons, cups, trophy prizes or entertainment contests.

(2) PREMIUM LISTS

(a) Premiums for which state aid is requested by county and district fairs shall conform with the uniform premium list and other requirements set forth in these rules. Fairs requesting state aid for net premiums shall submit to the department a printed copy of the premium list used at the fair, as required under s. ATCP 160.92 (3) (c).

(b) The officers of each fair shall mail a copy of the premium list to other associations, societies, or boards conducting a fair in Wisconsin upon request.

(c) Sections ATCP 160.01 through 160.07 and 160.91 shall be published in premium books used by a fair for which state aid is requested.

(3) ENTRY FEES

(a) A fair may charge an exhibitor an entry fee or charge stall rents for animals, or both.

(b) Exhibitors in department 35 shall not be required to purchase an exhibitor's ticket. Any other exhibitor may be required, if no entry fee is charged, to purchase an exhibitor's season ticket at a price not to exceed that charged for a non-exhibitor's season ticket.

(4) SPLIT FAIR DATES

(a) For purposes of this subsection, "split fair dates" occur when a fair organization judges exhibits or contests and pays premiums at more than one time or at more than one location during the calendar year.

(b) Except as provided under par. (c), the department may not pay state aid for a fair having split dates unless the department gives advance written approval for a split fair. The department may approve split fair dates only if the fair organization justifies the split dates based on extreme hardship.

(c) The department may pay state aid for the following exhibits or contests in a fair having split dates, regardless of whether the department approves those split dates in advance:

- Clothing revue.
- Demonstrations.
- Favorite foods revue.
- Dogs.
- Small animals.
- Rocketry.
- Shooting sports.

EXHIBITION REQUIREMENTS

A county or district fair shall meet all of the exhibition requirements of this section to be eligible for state premium aid.

(2) State aid may not be approved for out-of-state exhibits or for separate classes of local and non-local exhibitors. Aid may not be approved for payment of premiums to an exhibitor having an out-of-state address but claiming Wisconsin residency unless the fair secretary provides the department with an affidavit that the exhibitor's residence is geographically located within the state.

(3) State aid may be paid only on articles or animals actually on display in an exhibit building or actually shown in the show ring on regular fair dates unless approval for split fair dates is obtained under s. ATPC 160.02 (4). State aid may not be paid on Dairy Herd Improvement Association records, transportation aid, production contests or other special educational exhibits unless prior approval is obtained under s. ATPC 160.49 (7).

(4) State aid may not be paid on exhibits removed from the fairgrounds before 4 p.m. on the last day of the fair, or such other later time as may be specified by the fair, without prior approval of the department. Authority for earlier removal may be granted by the department in case of meat animal sales or other special classes, if requested before the beginning of the fair. In other hardship cases, approval may be granted by the fair. Exhibits in dog obedience and small animal pet classes may be judged during the regular fair but are not required to remain present during the entire fair. The fair may prescribe the length of time junior fair exhibitors of horses shall keep their animal on the ground.

experience as an exhibit.

(b) An exhibitor may receive a separate premium for showmanship where authorized under subch. IV.

(c) An exhibitor may receive more than one premium in a department for which additional premiums are specifically authorized under subch. IV.

(5) If 16 or more animals, items or articles are entered in any junior fair class, the class may be divided into 2 or more approximately equal groups according to weight, age or other identifying characteristic and each group judged as a class.

(6) Special educational exhibits may be established if the proposal is presented to the Wisconsin Association of Fairs before October 1 of the year preceding its proposed establishment and the exhibit is approved by the department.

(7) In all departments in the junior fair division under subch. IV, special classes may be established where none are specified for the item, article, or a recognized breed, including special classes for grade and crossbred females in beef, swine and sheep. (2) All animals in any open division class shall be owned by the exhibitor, except as provided in s. ATPC 160.09.

(3) State aid may be paid on no more than 2 premiums awarded an exhibitor under one premium or lot number in open division individual livestock classes, except poultry and rabbits, and no more than one premium in all other classes, including poultry and rabbits. State aid may not be used to award a premium to an exhibitor who exhibits an item or animal that has been exhibited in open class division previously in a state aid funded fair in that calendar year and resulted in a premium being awarded for that item or animal. STATE, COUNTY AND DISTRICT ANIMAL HEALTH REQUIREMENTS

https://docs.legis.wisconsin.gov/code/admin_code/atcp/010/10

Exhibitors at County and District Fairs are required to comply with all of the statutory and regulatory provisions of the State of Wisconsin relating to animal health.

ALL EXHIBITORS MUST COMPLY WITH THE PROVISIONS SET FORTH BELOW.

If a fair or livestock exhibition in this state lasts for more than 24 hours, the sponsors of the fair or exhibition shall appoint a licensed veterinarian to conduct a daily inspection of all livestock at the fair or exhibition. The appointed veterinarian shall also review all records and test results required in these fair requirements. If a fair or livestock exhibition lasts less than 24 hours, all records and test results required by these requirements shall be reviewed by a licensed veterinarian or by the show chairperson.

The attending veterinarian shall conduct such tests and examinations as may be necessary to determine the disease status of any animal and shall exclude or cause the removal of any animal afflicted with or suspected of being afflicted with any contagious, infectious or communicable disease.

HEALTH RECORDS

Persons exhibiting livestock at any fair or livestock exhibition in Wisconsin shall have a copy of the required health certificate or certificate of veterinary inspection available for inspection by the department at the fair or livestock exhibition, or file a copy of such certificates at the show or fair office for the duration of the exhibit. A health certificate or certificate of veterinary inspection is valid for 30 days unless extended by species.

Livestock may not be exhibited at Wisconsin fairs unless accompanied by required health records.

PARASITES

Cattle infected with mange, scab or ringworm may not be exhibited at any fair or other livestock exhibition. Animals found to be infected, or showing evidence of infection with mange, scab or ringworm after arrival at a fair

or other livestock exhibition shall be isolated from other animals susceptible to the disease and removed from the premises. This shall not apply to animals showing evidence of ringworm infection if in the opinion of the attending veterinarian of such fair or exhibition, the lesion is inactive and not capable of transmitting the disease.

WARTS

Bovine animals infected with warts may not be exhibited at livestock exhibitions. Animals with evidence of wart infection will be examined by the fair veterinarian and the animal ordered to be removed from the premises unless the veterinarian finds the warts are not capable of transmitting the disease.

QUARANTINE

Livestock under quarantine by the department are not eligible for exhibition.

PENALTIES

Section 95.19 of the Wisconsin Statutes provides in part.

"No person shall exhibit at any fair any animal afflicted with or exposed to any contagious or infectious disease."

It is a misdemeanor to exhibit animals contrary to this section. In addition, it is provided that any person violating this provision shall be liable to any other person who sustains damages by reason of such violations.

JUNIOR FAIR EXHIBITS

Junior Fair Exhibits are subject to the same requirements as livestock at any other fair.

CATTLE AND BISON

Cattle affected with ringworm, warts, mange or scab may not be exhibited, unless the Veterinarian in charge determines the ringworm lesions or warts are inactive and incapable of transmitting the disease. Any cattle found with ringworm, warts, mange or scab that are active shall be removed from the premises of the fair.

Cattle Originating From Within Wisconsin

There are no test or health document requirements for Wisconsin cattle. However, fair management is responsible for maintaining records of persons who have exhibited at the fair, the livestock premises code, if any, and the identification of animals shown for 5 years. Acceptable forms of animal identification for breeding animals are (1) an official metal ear tag, (2) a breed registration number, (3) a breed registration tattoo or (4) other identification approved by the department.

For steers, either an official ear tag or the metal ear tag applied at weigh-in may be used. Entry blanks submitted and signed by exhibitors, including one of the forms of identification listed above will fulfill the exhibitor requirements.

Cattle Originating From Outside Wisconsin

A Certificate of Veterinary Inspection shall accompany all cattle documenting animal identification (see above) and all tests or certifications required. Animals must meet normal Wisconsin requirements for interstate movement. Steers are exempt from any brucellosis test requirement. Cattle from Brucellosis Certified Free herds in Class A states may enter Wisconsin without a prior brucellosis test if the certified herd number and the last test date appear on the Certificate of Veterinary Inspection.
