

TribGeek Privacy Policy

This Privacy Policy applies to TribGeek watch faces for Wear OS.

Information Collection:

TribGeek watch faces do not collect, store, sell, or share personal information.

If a watch face displays data such as heart rate, steps, battery level, weather, or date/time, that information is provided by the Wear OS device and remains on the user's device.

Third-Party Services:

Google Play and Wear OS may process information according to their own privacy policies.

Changes:

This policy may be updated from time to time.
