“Prayer Walking” is simply praying in the very places where we expect God to bring forth His answers to prayer.

Prayer walking is being on the scene without making a scene. This is not an evangelistic event. We are here to pray with the heart of Jesus to bring the hope of God’s kingdom on Earth.

Disciples Study Coming This Fall

All are invited to attend
an informational session with Pastor Greg
Sunday, September 1st after worship at **10:15 AM.**

Pastor Greg believes that the formation of Christian disciples needs to be our church’s highest priority going forward. He is looking for persons who are ready to prioritize their relationship with God and growing as a disciple of Jesus Christ. This fall, Pastor Greg will be launching two small groups (one during the day and one on Sunday, Monday, or Thursday evening) to grow Christian disciples through study, prayer, and fellowship. We will be meeting 10 times during September, October, and November. Those who are ready to find out more about this please attend. This is not the former Disciple workbook study.

Congregational Care Visitors Needed

- Do you like to talk to people?
- Are you a good listener?
- Do you have a bit of time you can spare?
- The time has come to organize a visitation ministry to our homebound church members who are no longer able to attend worship services regularly as they negotiate mobility and declining health.

A congregational care visitor is a vital link between our church family and a special person and has the power to lift spirits and break isolation. A visit from a church friend would be a blessing to the person visited and promises to nourish the soul who visits. **Ronn Kotsmith** (332-6917) is organizing this effort. Please contact him if you would be willing to join this ministry team.
