

STOP THE 170' CELL TOWER!!!

IT DOES NOT FIT! DO NOT PERMIT!

The proposed cell tower violates existing home, road, and wetland setbacks. It will be dangerously close to families and young children. Trees will have to be cut down, and property values will decrease. Here's how you can help stop this tower:

Attend the public hearings!

Showing up IN PERSON and speaking out against this tower is the number one way to convince the councilmembers to VOTE NO!!

- o **August 22** - Planning Commission Public Hearing at 1 PM - 214 N. Hogan Street (Ed Ball Building), 1st Floor Hearing Room 1002.
- o **September 4** - Land Use and Zoning Committee at 5 PM - City Hall - St. James Building 1st Floor - Council Chamber 117 W. Duval Street
- o **September 10** - Final City Council Vote at 5 PM - City Hall - St. James Building 1st Floor - Council Chamber 117 W. Duval Street
