PERFORATED WEIGH SCALE LABELS

These labels are ideal for Deli and Bakery packaging that require a portion of the label to be on the bottom of the package. Product presentation is maintained while making it easy for the cashier.

Custom

Blank

COUPON WEIGH SCALE LABELS

This label is ideal to show store loyalty program savings. Due to the special application of a deadened adhesive pattern, this area can also be easily removed from the package without tearing the packaging film.

MONARCH
1110 Series

MADE IN THE USA. Durability, flexibility and reliability best describe this superior line of labelers and labels.

Monarch's wide selection of 1 and 2 line label guns are the ideal solution for pricing, promotional, dating and coding. Choose from pre-printed and blank labels or inquire about our custom label options.

SIGN CARDS
Glossy Finish

Point-of-purchase signage can significantly increase sales by promoting price and features of your products. Our sign cards are available in stock or by custom order designed to match your branding needs.

These sign cards will feed through most printers which gives you flexibility on use. Great for recipes, calling out a special promotion or adding a QR code that takes your customer to your website for relevant product updates. The most popular stocked items are featured in this catalog. For a complete selection or custom options, contact your Account Manager.

GLOSSY FINISH
Printed on coated card stock and is recommended only for laser printers.

FOOD PREP
Label Adhesives

FreshDate
Quality Food Rotation Labels

FreshDate LABELS are a selection of specific adhesives for FOOD PREPARATION and STORAGE.

- A variety of quality FOOD ROTATION LABEL choices.
- Specific adhesives to help you be compliant in food PREPARATION AND STORAGE REGULATIONS.
- Below is our adhesive chart to assist you in selecting the correct label for your application.

ADHESIVE CHART - DESCRIPTION	Minimum Application Temperature	Working Range Temperature
Regular Removable removes easily from glass, plastic and metal containers. Remove label prior to washing to avoid adhesive build up. Regular Removable reduces labor and time used to remove adhesive residue from containers.	40°F	-65°F to 180°F
Ultra Removable can be repositioned and comes off cleanly from most surfaces without leaving residue behind. Ultra Removable labels can be transferred when food is moved from one container to another. Ultra Removable is great for re-usable containers.	20°F	-10°F to 120°F
Dissolvable is a biodegradable paper and adhesive which will dissolve completely in seconds when immersed in normal tap water of any temperature. Dissolvable will adhere to hard plastics, stainless steel, and glass. Dissolvable eliminates sticky residue which other adhesives may leave behind and harbor unwanted bacteria that may cause contamination. Dissolvable performs best when avoiding high moisture areas, steam and condensation.	21°F	-40°F to 175°F
All Temperature Permanent is the right solution for freezer applications, such as frozen containers, corrugated cardboard, disposable containers, plastic wrap and foil.	-4°F	-40°F to 140°F

FOOD PREP
