SCHOOL AGE PROGRAM

# SCHEDULE OF

# EVENTS

## WEEK 1 | JUL 5-7 | AMAZING ARTISTS

The creation of art can be a critical piece of self-expression for children. These outlets transfer to success in the classroom and in life. This week, children will be encouraged to express themselves through a variety of mediums such as painting on canvas, bracelet-making, rock-wrapping, mini-tile painting clay, and a plethora of other fun mediums. Also included will be balloon twisting and an Artist visit!

## WEEK 2 | JUL 10-14 | TALENT WEEK

This week is all about celebrating the awesome and unique individuals in our space. Students will have the opportunity to participate in their very own talent show. Dragon's Den will offer a variety of options for them such as performing a piano recital, lip-sync or live singing, a short play, framed paintings, and more.

## WEEK 3 | JUL 17-21 | MARVELOUS MUSICIANS

This week will be packed-full of opportunities to experiment with music equipment such as guitars, an upright-piano, percussion instruments, and microphones. The students will get a chance to record their own music and experiment with making their own beats. This week will include a visit from local musicians.

## WEEK 4 | JUL 24-28 | SPORTS WEEK

This week is all about keeping active! Sports can be a great way to develop self-empowerment, working on a team and accountability, as well as benefits to mental, emotional, and social health. The students will play several sports they're familiar with and encounter some sports that are completely new! They also will work on practicing techniques for self-regulation, as well as learn what it means to be a teammate.

## WEEK 5 | JUL 31-AUG 4 | FLASHY FILMMAKERS

One of the most unique ways of storytelling is through the lens of a camera. This week, students will explore the joys of filmmaking as they develop their own mini movie. Students will work in groups with local filmmaker, James Gerde (GerdeGott!), to investigate the filmmaking process. This will include scriptwriting, set-design, camera angles, acting, and everything in-between!

## WEEK 6 | AUG 7-11 | SPLASH DRAGON-WATER PLAY

It's the hottest time of year! This week will be all about staying cool to beat the heat. With activities like water balloon throwing, popsicle making, slip n' sliding, and water-bottle customizing, children will have plenty of fun in the sun. (This is a great week to bring a change of clothes, water shoes, and tennis shoes)

## WEEK 7 | AUG 14-18 | OUTDOOR EXPLORERS

Children are naturally curious, and this week Dragon's Den intends to foster that curiosity to the fullest! This week will include nature walks, exploring the trails nearby, a scavenger hunt, and the creation of their own birdhouses. There will also be relay races, potato sack races, and cornhole.

## WEEK 8 | AUG 21-25 | DRAGON'S DEN CULINARY ARTS

Cooking can be a fantastic way to self-express and build confidence. Students will spend this week diving into the wonders of all things culinary as they get acquainted with cooking, baking, and kitchen safety. Enrichment activities will include learning about different cultures, discovering new flavors, and the creation of their own perfect bagel pizza!
