

Cattle Prime

AWS Cattle Prime Forage Pasture Grass Seed Mixture. Formulated with grasses and clovers to achieve the optimal nutrition goals for all ranges of beef cattle. *AWS Cattlemen's Forage Mixture* is soft leaved, endophyte free, improves rumen efficiency and palatability. All of this is to achieve faster weight gains and healthy animals.

Each variety in the *AWS Cattlemen's Forage Mixture* is selected with specific purpose in mind to create a forage mixture that can achieve fast establishment, winterhardiness, good persistence, and increase dry-matter intake for cattle.

Soil & Moisture - Adaptable to a wide range of soil types and conditions. For maximum yield and quality results we recommend irrigation and a good fertility plan with your trusted agronomist.

Goals to achieve:

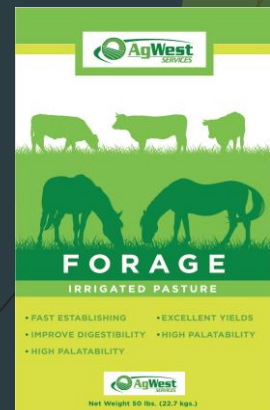

- ✓ Rumen Efficiency
- ✓ Increase Drymatter intake
- ✓ Healthy Cattle
