

# Proleaf 234 Oat

**Proleaf 234** Forage Oat has developed as a very good traditional oat for milk/soft dough harvest in the Pacific Northwest, Intermountain, California and North East region of the U.S. Proleaf 234 wide leaf and denser growth are what have placed it in the top of trials for production.

## □ Benefits

- ✓ Spring Planting for most areas
- ✓ Enhanced Forage (Larger Leaf)
- ✓ Excellent Hay Quality
- ✓ 5-8 ton Day Matter
- ✓ Crown Rust Resistant
- ✓ Handles lagoon water
- ✓ Stands well
