

# CITY 24/7

**CITY 24/7 (Curbside Info To You)** is an easy-to-use mobile tool that gives buyers access to information about your home... anytime, day or night.

Buyers simply dial the number shown on our distinctive yard signs to instantly receive details about your property. Buyers can then connect with me automatically for an appointment to see your property.

As your Sales Executive, **CITY 24/7** allows me to:

- Consistently present your home's best features
- Identify potential leads and track inquiries
- Showcase your property on Facebook, Twitter, Google Plus, and Craigslist
- Feature a "Smart Tour" property video on our company's YouTube channel
- Provide this to you at no additional charge

We are the only real estate brand in the Central Florida area with this exclusive mobile technology.
