Gold renews and revitalizes!

The gold spa symbolizes wealth, well-being, strength, and warmth. More than 4000 years ago, the Egyptians knew of the positive effect of this treasured precious metal on the body and soul. Paracelsus already praised its healing power. The golden shimmer projects against environmental damage by strengthening the immune system. Scientific findings of the medical action of gold were the inspiration for a gold spa treatment.

Price Increase Notice

Dear Valued Clients,

We want to inform all our clients that as of April 11, 2023, there will be a slight price increase due to inflation and increased running costs. With this slight increase, we can continue providing the quality service we pride ourselves on.

We thank you for understanding our need to implement this policy, and we look forward to serving you with beautiful nails for the year ahead!

Yours gratefully,
Sage Nail & Spa and staff
