REPORTS

Buildings & Grounds:

Trustee Simko had handouts provided to all board members. Update on the Kissing Bridge – Trustee Stapleton met with Joe to get an update. The problem that he is running into is not being able to find lumber. Trustee Stapleton offered to reach out to a few sawmills and see if we can get the lumber. If we can, we may have to have our guys install the bridge in the spring. The grant will be submitted by the March deadline. Connal and his crew finished the ramp outside the village hall after 28 hours in the freezing, pouring rain and just poor conditions. Along with the few problems they ran into. We want to say a big thank you to him and his crew. The only thing left now is getting the outdoor lights. We have a few options on the table but we are waiting for now on deciding which we will be going with. There are two other Eagle scouts that are looking for projects within the community, one has an idea of putting up signs at either end

of the village with a QR code on it to bring you to our web page. We will be taking down the meeting board in front of the village hall and moving it to the pool once we get the TV in our window up and running. The monthly codes report was passed around and reviewed with nothing outstanding.

#### Water & Sewer:

Taylor from Barton and Loguidace will be at our next meeting on December 12<sup>th</sup>, 2022, to discuss any updates on the water ban. Bidding should start late winter, early spring. With construction to start in summer.

#### Public Safety:

The monthly police report was passed around and reviewed with nothing outstanding and everything in order. We will be putting up the new speed sign once we get the new pole.

#### Streets & Drainage:

Nothing new to report.

#### General:

Christmas in Jordan went very well, with the weather being unseasonably warm. There was a lot of community participation walking around, visiting the vendors, and coming in to tasting all the chili!
