The Opportunity

- Golfers represent one of the most affluent and loyal local audiences in Vermont.
- Most local advertising options are cluttered and forgettable - [fore.tv](#) offers a premium, high-visibility environment that audiences actively engage with.
- Our livestreams will run daily from top Vermont golf courses, featuring on-screen ads seen by golfers, members, and online viewers.
- [The fastest-growing age group in golf is also the biggest consumer of livestreams](#) — yet almost no courses or sponsors take advantage of this.
