

**DID YOU KNOW THAT WE HAVE
OUR OWN SEALER??**

**MODE CONCRETE -
Premium High Gloss Sealer**

We only use our own specialized sealer, made in Canada for BC & the Okanagan. Our sealer is superior to anything else available on the market and we've tested out everything possible over the years.

Operating in the Okanagan for more 14+ years.

Most of our work is from repeat clients or referrals.

We produce work we think you'll love.

Contact us at modeconcrete@shaw.ca today.

RE: COVID19 Precautions

We are fully operational for outdoor bookings. We are following all advice and regulations given by the BC Government. Contact-less onsite quotes, precise scheduling & zero contact payment options.

Exterior Concrete Maintenance Experts

Yearly Maintenance & Cleaning
Pool Deck & Driveway Sealing
Stamped Concrete & Paver Sealing
Anti-Slip Topcoats
Sealer Removal
High Power Pressure Washing
Spalling Repair & Prevention
Expert Troubleshooting

Crack Filling

Color matched & free with our maintenance package. Damage, cracks & unsealed concrete should be addressed to protect your investment & prevent further damage.

Antiquing

Restores faded concrete. Our artisans add color matched pigments to the surface. This restores the concrete's color. Good for stamped concrete surfaces.

Pool Deck & Driveway Surface Specialists

How often should I pressure wash or seal (waterproof) your concrete?

Surface exposure, moisture, rain, free/thaw zones, damaged concrete, high sunshine areas & highly acidic areas (salt, chlorine, vehicle traffic) should be considered. If your sealer is working moisture should bead up on the surface.

Our maintenance package will make your concrete look exquisite. Our artisans start by pressure washing, deep cleaning & repairing your concrete. We apply a premium sealer topcoat with industrial sprayers. Our process takes 2 days. Day 1 the concrete is high power pressure washed & deep cleaned. Day 2 we repair the concrete & apply our premium sealer topcoat. After 4 hours you can resume normal activity & vehicle traffic. We put caution tape around your project while we are there to help ensure no one goes on surface.

We offer competitive pricing, unsurpassed client care & precise scheduling. We are 5 star rated on Google & Houzz. We were featured in the Globe & Mail newspaper.
