

Garden & Terrace Design Checklist

Planning your garden or terrace can feel overwhelming. This checklist helps you think about the most important elements before starting your design. Use it to clarify your wishes, avoid mistakes, and create an outdoor space that truly reflects your lifestyle.

✓	Item
■	Define the purpose of your outdoor space (relaxation, dining, play, gardening).
■	Measure your space and note sun/shade areas throughout the day.
■	Decide on the main style: modern, Mediterranean, classic, or natural.
■	Plan seating areas: size, placement, and comfort.
■	Think about pathways and flow of movement.
■	Select plants suitable for your climate and maintenance level.
■	Include lighting for atmosphere and safety.
■	Plan water features or focal points (optional).
■	Check drainage and irrigation needs.
■	Set a realistic budget and timeline.

■ A clear plan means fewer mistakes and a more enjoyable result.
