

Repair and Refurbishment

Please send only the bat and this form, not your bat cover or cash. Once we have reviewed the bat we will contact you for further assistance or information with the repair, to confirm the price and to take payment.

SERVICES				
MAINTENANCE REFURBISHMENT Remove scuff sheets and toe guards, clean and sand face, shoulders, toes, back (where possible around stickers) and edges, and oil all these areas. Remove/smooth or glue small dings and cracks. Regrip. Stickers in good condition can be left or removed to choice, broken/torn stickers will be removed. For our own bats, we apply fresh stickers. Option to replace scuff sheet, chosen separately. We do not replace toe guards.

Tick as required	Junior £35	Adult £45	Junior £45	Adult £55

MAJOR REFURBISHMENT

As above, plus:

We will also provide a rebinding (if required) and new grip in a full refurb.

Also either/or:

1/. Weight reduction. We will talk to you to discuss what is possible for the best result.

2/. Broken at shoulder/splice. Depends on assessment; the shoulder/splice area is notoriously hard to fix securely. If we don't feel it's economic or do not feel able to guarantee the repair, we will liaise with you before starting the repair.

For weight reductions and resplicing it is usually necessary to remove some existing stickers.
