

Crane Service Body Features

ABOUT US

- 50+ years of industry experience
- 120,000 sq. ft. of manufacturing space
- 6+ acres of property

INNOVATIVE DESIGNS

- Built with industrial adhesives and mechanical fasteners
- No welding
- Corrosion resistant
- Pre-painted before assembly

OPTIONS

- 11' Body Option (84" CA)
- Tall cabinet options on 9' and 11' bodies
- 20" work bench bumper

WEB BASED ACCESS

- User Manual
- Warranty Registration

Feature	ABI 9' Body	ABI 9' Body Advantages
Modular Body Design	Individual compartments allow flexibility in construction	Allows for pre-assembly and reduces lead time significantly
Paint/Corrosion Resistance	Each piece powder coated before assembly	No exposed metal anywhere, even joined pieces
Assembly	Industrial strength adhesive and mechanical fasteners (used by many major truck and industrial equipment manufacturers)	1,200 psi shear strength per sq. inch of adhesive and 1,500 psi shear strength of fasteners
Aesthetics	Flush-mounted doors and radius corners	Sleek design, reduced stress points in corners
Security	Master lock system	Standard feature
Durability	Bedliner on floor, sides, top and bumper	Standard feature
Upgraded Features	Integrated drop-down step in bumper Receiver Hitch and Grab Handles Heavy Duty Tie Down Rings	Standard features
Frame Design	Mechanically fastened frame, not welded Grade 50 steel used in crane box construction	Most competitors use grade 36 steel
Weight	1,600 pounds	Lower weight provides more payload capacity
QR Code	QR Code Access on Body	Instant access to user manual, warranty registration, customer service contact information

Precision Fabricated Truck Equipment

Crane Service Body Features

Crane Body General Specifications

**Model BD-09 Crane Service Body
SPECIFICATION SHEET**

- **108" ABI DRW Service Body with Crane Reinforcement**
108 inches long x 40 inches high x 94.5 inches wide
Chassis cab to axle (CA) of 60 inches with dual rear wheel axle.
- **Body Dimensions:**
40 Inches - Compartment height
22 Inches - Compartment depth
50.5 Inches - Load space width
22.5 Inches - Top of body to the top of the floor
- **Body Materials:**
14 gauge galvalume - Main body material
14 gauge galvalume - Compartment tops
18 gauge galvalume - Inner door panels
14 gauge galvalume - Outer door panels
14 gauge galvalume - Wheel Panels
14 gauge galvalume - Front bulkhead
18 gauge galvanized - Shelving
- **Body Floor and Understructure:**
12 gauge hot rolled treadplate - Floor
6 Inch formed steel channel frame.
Crane portion of frame consists of grade 50 steel formed channel and steel tube.
- **Compartment Sizes:**
Front Compartment 29" W X 34.5" H
Horizontal Compartment 43" W x 14" H
Rear Compartment 23.5" W x 34.5" H
