## PACT and Deficiency Plan Candidates

Please initial and sign.

### PACT Candidates:

\_\_\_\_\_ Candidates enrolled in A Career in Teaching with a GPA lower than a 2.5 will be required to take the PACT test, complete Certify Teacher, and complete ACiT's coursework on [www.pactreview.com](http://www.pactreview.com) before being approved for the content TExES test.

- Certify Teacher: ACiT requires all candidates to submit Certify Teacher practice test scores of 250 or better once the modules have been completed
- ACiT's Coursework: ACiT requires all candidates to complete content coursework modules and submit all certificates of completion to [joanna@acareerinteaching.org](mailto:joanna@acareerinteaching.org)
- TExES Test: Once ACiT receives the above requirements, ACiT will approve and open the TExES test

### Deficiency Plan Candidates:

\_\_\_\_\_ ACiT's goal is to produce well rounded educators. Candidates who procrastinate to meet ACiT's program requirements while on a deficiency plan could result in the candidate being dropped from the program.
