

Cancel and pay policy - 24 hours in advance.
Zelle payment is a confirmation of your child's lesson day.

If paying re: **monthly tuition plan, payment is due 24 hours ahead of the first lesson of the given lesson month.**

Cancellation is protected if 24 hours notice is given, as it ensures no loss, nor fee, no lost lesson. To that end:

Let's keep each other posted! So, as soon as any new or suspected conflict. (Like if student is not feeling well the night before lesson). Worst case, if they show no sign of illness until the morning of lesson, call me right after you call the school to then reschedule. I extend the same courtesy, letting parents know my changes early.

Missed lesson is best set up within that month and/or by the following month to avoid loss of lesson.

3 lesson for monthly discount plan is reserved for students advanced enough to work on their own during that "missed week" session.

Exception: Holidays or month school vacations, 3 for a month is fine for all levels, ages - beginner to advanced. Nov. Dec. / Spring Break.

Highly recommend consistency for all students and especially beginner and newer students, as in school re: homework to maintain progress. *The way to success is practice, making it fun with games around such, when not as motivated... Alternate work type.*

Thanks for being a part of the musical world - supporting your child via lessons to increase their ability and level of enjoyment around the arts.
It is an honor to have you "onboard." Nancy Seabold
