

## Continuing Education/Professional Development Policy

AlliMedCare encourages lifelong learning and offers a range of continuing education programs for healthcare professionals.

- **Eligibility:** Continuing education programs are open to current students, alumni, and healthcare professionals looking to enhance their skills or obtain additional certifications.
- **Programs Offered:** The institution offers workshops, seminars, and certificate programs throughout the year in various healthcare specialties. Topics may include updates on healthcare regulations, new treatment methods, or advanced clinical skills.
- **Credits:** Continuing education credits earned through AlliMedCare can be applied toward maintaining professional licenses, certifications, or advancing in a healthcare career. Details on how these credits apply will vary based on the program.
