WAXING + SUGARING STUDIO

READY TO GET STARTED?

You must be willing to follow our advice and use the suggested products exclusively!

Set the Tone allows you to reduce unwanted discoloration and diminish the appearance of dark spots in intimate and delicate areas. Bare Twelve 27 Waxing + Sugaring Studio offers products that are specifically designed to be safe to use on intimate areas. More and more women are inquiring about the latest trend so you shouldn't feel uneasy about looking for solutions to help even your skin tone. Our treatments are two parts. One part is done by the professional and the other part is done by the client. Both parts are equally important for the success of the treatments.

**THIS IS NOT A ONE AND DONE TREATMENT.
JUST LIKE GOING TO THE GYM, YOU HAVE TO KEEP IT UP :)**

PROFESSIONAL TREATMENT

Professional treatments start with a consultation. During the consultation we will go over your concerns and establish realistic goals. We discuss treatment processes, how many will be needed [3-6 treatments are normal], cost associated, and establish a schedule. At the conclusion of the consultation you will have the opportunity to purchase your treatments [home care included] and be provided all instructions.

HOME CARE TREATMENT

Home care is vital to obtain optimum results. Home care kit is included with treatments and maintenance kit will be necessary once desired tone is achieved.

BENEFITS

- Brightens bikini + anal area
- Eliminates unsightly marks
- Smooths texture
- Provides nourishment + hydration to the skin

CONTRAINDICATIONS

- No hair removal 5 days prior to service.
- Menstrual cycle [appointment can be made 5 days prior to or after cycle].
- Pregnant or lactating women should seek physician approval.
- We do not treat open lesions, sores or wounds.
- If you have a history of herpes simplex viral infection in the area being treated, you will need to take prescription antiviral medication to prevent an outbreak. This medication should be started 3 days prior to the treatment and continued for 5 days post care.
