

FAQ?

Does your mobile bar have electricity?

Yes! We have a small inverter battery that is very sustainable and QUIET. It can power our cafe lights, refrigerator, and tap system for up to 7 hours, and is included in all our packages.

Can we just rent one of your bars? We don't need bartenders.

Not our mobile bars because they are our babies and are never out of our sight. However, we can customize a package to fit all budget and venue needs. We offer bar setups for any location that can be rented and set up for you to use.

Yes, we do. However, this is on a *case-by-case basis*. Our main services are "package deals". Rental of bars + bartenders + mixologist services. The prices of our rentals are also to cover expenses like, produce, travel/gas, set up, break down, insurances, etc.

We do include disposable options. However, true glass is not included glassware in our packages; you are more than welcome to rent them through us. We reserve the right to refuse service to any guest who seems to have had too much to drink, per our judgement. However, the host of the event is ultimately responsible for all invited guests and their actions.

Is gratuity included in your fees?

No, it isn't. Tips are customary in the bartending business. Therefore, we will have a tip jar at the event. For very small events we will add 20% gratuity to the invoice.

How do I know how much alcohol to purchase?

As we get closer to your event, we will setup a menu consultation where we go over what types of beer and wine you prefer. If your package includes signature cocktails then we will discuss what your favorite liquors are (gin, tequila, whiskey, vodka, etc.) and what type of story you are trying to tell with your signature drinks. Once we know your preferences then we will send you a shopping list with quantities so you can get everything you need ahead of time.
