

Thanks for contacting us about private training!

Before starting any private training program, we like to start out by either having you come to our facility or us meeting your at your home for an evaluation. This gives us a chance to meet and talk more in depth about your goals for your dog, and gives us a chance to meet your dog. After our meeting, we will be able to recommend the best way to proceed with training - whether it is a standard training program we offer, or a custom training program we put together just for you.

In-Facility Evaluations:

Evaluations at our facility are generally reserved for those who are looking for basic training, minor reactivity, or those who would like to know if they are good fit for a group class.

- ★ The evaluation takes about 30-45 minutes typically. We are typically available Monday-Thursday 10am-12pm, and Monday and Tuesday late afternoons and evenings. Other times may be available upon request.
- ★ We will send you over a pet profile form to fill out. Please fill it out in detail and return it back to us no later than 48 hours before your scheduled appointment.
- ★ The cost of the evaluation is **\$60**. To respect your time, as well as others time, we request a \$30 non-refundable deposit to hold your time for the evaluation. Deposits can be made through PayPal. We will hold your appointment time for 48 hours for you - if the deposit has not been paid within 48 hours, your appointment time may be given to someone else. In addition, if the appointment is cancelled or needs to be rescheduled without 48 hours notice, or we haven't received your pet profile form at least 48 hours before your appointment, your deposit will be forfeited, and a new deposit will need to be made to hold a new appointment time. The remaining balance is due at the time of the evaluation.
- ★ Please send us the following information to set up your evaluation:
 - Your dog's name, age, and breed (or best guess)
 - Your phone number
 - What days and times you are typically available to meet
