- Additional agenda items:
- Introduction of Guests:

Approve Minutes of February 1, 2024 Meeting:

Correspondence:

- On February 9, Klamath National Forest Recreation Manager, Kristian Schenk, sent our Unit's signed Volunteer Service Agreement to Michele Machado Woods. Our agency contact for this agreement is Shelby Weister ([Shelby.weister@usda.gov](mailto:Shelby.weister@usda.gov); 530-598-0229. Michele sent a copy of all documents to Robert Robustellini.
- On February 12, BCHC Secretary, Susie Patton, sent out to all Units a BCHC Webmaster "job" announcement. BCHC is looking for a BCHC member who can help maintain the state website. Position is not paid. Michele sent the information to Kathryn to add to our Unit website. Michele also posted an abbreviated announcement and website link on our Unit Facebook page.
- On February 16, BCHC VP of Public Lands, Troy Patton, called Michele to let her know that one of our members has been chosen for a special BCHC award. Troy asked that Michele gather intel on what kind of award would best suit the personality and work this person performs/performed for the Unit and BCHC. Michele will work with Troy to schedule the presentation of this award, likely in April or May. Keeping details "secret" so the announcement can be a surprise.
- On February 19, Michele received an email for new BCHC VP of Education, Greg Feinberg, that the BCHC North Units Officers training scheduled for February 24 in Oroville was cancelled. When Michele asked why, Greg said it was because of lack of RSVPs (only 3). Through various further emails, it was discovered that the Shasta-Trinity Unit, due to an abrupt change of President for their Unit, had not RSVP'd for the event. They had planned for six of their leadership to attend. Despite this update in attendance, Greg still decided to maintain the cancellation of the event.
- On February 22, Ian Nelson (PCTA) followed up with Michele to schedule a meet and greet in early April. Michele agreed to meet on April 2 at 4 p.m. at a TBD location in Yreka. **Other Unit leadership welcome to join for this meeting.**
- On February 24, BCHC VP of Membership, Chip Herzig, sent an updated BCHC membership form that includes new content "Family & Youth oriented organization" per discussion at the Feb. 10 BCHC BOD meeting. Michele sent the new form to Kathryn to post on our Unit website.
- On February 26, Michele corresponded with Klamath National Forest Chainsaw instructor, Jason Murieen, regarding scheduling a "newbies" chainsaw certification. Due to Jason's busy work schedule, the certification won't happen until May (week of May 13). Firm dates for the classroom training are still TBD, but the field certification can be May 18 at the Machado Ranch in Big Springs. A total of five Unit members have expressed interest in getting trained to be Class A Sawyers.
- On February 26, Michele received "OFFICIAL EMAIL VOTE" correspondence from Susie Patton, requesting a "yes" or "no" vote on one bylaws Article and two Policy documents (Policy #1022-Policy to Change Bylaws and Policy #4-224-Complaint Policy) as a follow-up from the BCHC State

BOD meeting on February 10, 2024. Deadline to submit votes is March 15 (18 days from request to vote). **Need to discuss.**

- On March 2, Stephanie Stott from the BCHC Mid Valley Unit sent an updated 2024 BCHC Rendezvous flyer to all Unit Presidents. Michele shared an image of the flyer on our Top of the State Facebook page.
- Throughout January and February, Larry Shuman (Shasta-Trinity Unit) has included Michele on email correspondence for the North State BCHC packing apprenticeship (internship). The opportunity was only advertised for only about two weeks and we still received 33 applicants before or on the March 1 submission deadline. Michele has a spreadsheet with applicant information and will help evaluate applicants using a rating spreadsheet that Larry provided (ratings due by March 4). Interviews will be scheduled around March 15.

Treasurer Report: Caralee Scala:

Committee Reports:

- Education: Debbie Bacigalupi
- Membership: Jennifer Bull
- Newsletter: Michele Machado Woods
- Insurance: Kelly York
- Grants: Joe Croteau
- Website: Kathryn Matthews
- Adopt-A-Highway: Michael Stapleton
- Public Lands: Michael Stapleton/Michael Journey
- Work Parties: Robert Robustellini and Michele Machado Woods to report on March 20-24 Grider Creek corral build, campground clean-up and PCT log out.

- 2025 Rendezvous organizing committee: Michele Machado Woods; there was no meeting in February; next organizing meeting is scheduled for March 16 at M&M Ranch House in Red Bluff from 11 a.m. to 1p.m.

Unfinished Business:

- At the April 2023 First Aid/CPR class we learned about the importance an Automated External Defibrillator (AED) machine. We found out from BCHC that we can use Education Fund money (currently \$1947 as of February 2024) to purchase an AED (or two) as long as we have an “education” event to show all potential users how to use it. This could be accomplished at a monthly meeting or at a special First Aid/CPR event. **Discussion for this meeting:** Please see the bullet points below. Let’s please decide if we want to move forward with collecting prices/options/recommendations to purchase at least one machine.
  - Costs to consider: new machine can vary between \$1400 and \$2500. Refurbished versions cost around \$550-\$1600. We can get a very adequate refurbished version for about \$800. Refurbished versions come with new batteries and electrodes. May also include limited warranties (i.e., 4-year warranties).

- Lithium batteries last between 2-5 years, depending on manufacturer. Replacement batteries range from approximately \$120 to \$400.
  - All expiration dates are listed on the machines.
- Robert reported at the November 30 (December), 2023, meeting that he got the proper paperwork for the salvage title from the DMV. Waiting to see what happens this month (March 16 dinner) to have all the proper paperwork for whoever gets the trailer. If no interest by March 16 dinner, then we'll offer it as a silent auction item. **Do we have any bids? If not, should we silent or live auction the trailer at the March 16 dinner? Discuss.**
- We have two Board of Directors spots to fill for 2024. Has anyone been found to fill these spots? Michele reached out to Kyle Adkins and Shirley Tickner. Shirley said "no", but Kyle is interested.
- When to do another audit? Need committee. Janice said she would do it again. Caralee will ask Kathryn. Gail said she could help. Caralee to arrange time and date. **Any update?**
- 2024 BCHC Leadership training for the northern Units on February 24 in Oroville was cancelled (see correspondence above). Cancellation happened less than a week before event so Michele cannot get a refund on hotel room. **Need to know if Unit can still over cost (\$176.12). If not, will consider reaching out to get money from Unit BCHC Education Fund since it was BCHC leadership who cancelled the event.**
- 2024 Rendezvous in Ceres: Michele is not attending Rendezvous after all. Will be attending March 20-24 Grider Creek work party instead. **Need to send \$200 to Lynn Joiner for auction item. Have we figured out if we're sending beer?**

New Business:

- First aid/CPR training? Do we need to schedule another class for this year or are our cards still valid?

Announcements:

Next Meeting: April 4, 7 p.m., site TBD in Yreka (Natalee Thai again? If so, need to start meeting at 6:30 p.m.)

Adjourn:
