

Fert Fin

SEED

The 3/4" wide Fin, made of UHMW plastic ensures long wear life. The Fin is superior for consistent seed depth.

FERTILIZER

The Fin places liquid fertilizer in the deepest point of the furrow. Your equipment stays clean, splatter is virtually eliminated.

FOR USE

John Deere 50, 60, 90 Series Openers, & Case SDX Air Drills

REAP WHAT YOU SOW

Tired of splattered fertilizer? Want to make sure your seed to soil contact is perfect? Give us a call!
