FEATURING;
"IONIC DETOX FOOT BATH"

Do you have any medical conditions that I need to know about? If so, what are they? Is there any reason you are aware of that; an Ionic Detox Foot Bath is contraindicated? IE pacemaker, heart condition, extreme diabetes, epilepsy, or any other chronic disease etc.

Are you Pregnant?

Do you have approval from your medical practitioner?

Do you have open wounds on your feet?

What are your concerns that cause you to choose an Ionic foot Detox?

"I understand that an Ionic foot detox is provided for the sole purpose of aiding the body in the detoxification process. I understand that I may be in detox mode for the next few days, so it is necessary for me to drink plenty of water to aid this process. I further understand that an Ionic Detox Foot Bath should not be construed as a substitute for a medical examination, diagnosis, or treatment and that I should consult a physician, Chiropractor, or other qualified medical specialist for any mental or physical ailment".
