To my client: Please review and sign where indicated.

12. *For Those Coaching Clients Who Choose Group Hypnosis as Part of Our Coaching Relationship:*

Group hypnosis is utilized for in-person workshops, seminars, trainings, online classes and trainings, the online and in-person Self-Care for the Soul Hypnosis Group, and the online Imagery & Healing Break. In group hypnosis, you will be hypnotized in a group setting with other group members present. If you are being hypnotized in an in-person or online setting, you agree to and assume all risks and liabilities that could arise from participating in group hypnosis in an in person or online setting.

I knowingly and willingly request group hypnosis by Christine M. Sumner, MA, EdS., NCC, LPC for myself. I acknowledge that group hypnosis is in no way a replacement for any medical treatment. I will not drive or operate machinery while participating in online group hypnosis classes, the Self-Care for the Soul Hypnosis Group online class, Online Energy Society classes, or the Imagery & Healing Break online class.
