

Equal Opportunities Policy

We aim to provide a supportive and harmonious environment in which everyone is treated with respect. Castle Point Community Allotments does not discriminate against anyone because of their age, disability, class, sex or sexual orientation, marital status or civil partnership, gender assignment, race, religion or belief, pregnancy or maternity.

This policy applies to all members and potential members of the Castle Point Community Allotments, and to anyone who deals with us.

Anyone who believes we have unfairly discriminated against them may object in writing or in person to the Committee, and their complaints will be dealt with promptly, seriously and confidentially. This policy does not affect anyone's rights under Equal Opportunities legislation.
