Company Profile

J.Z. Demolition is a small Latin owned business that specializes in the demolition and debris removal of roofing, flooring, walls and everything in between. The company was launched back in 1980 and has not looked back. Since then, J.Z. Demolition has worked on numerous commercial, government and industrial projects ranging from smaller weeklong demos to full hospital floor clearance. There is no demo that J.Z. cannot handle.

J.Z. Demolition's Pledge to provide an effective, efficient, and reliable interior demolition, and debris clean up through our commitment to developing a diverse and skilled demolition work force, and industry leading demolition tactics. Our team is experienced working near existing sprinklers and other vulnerable existing items.

Differentiators

J.Z. Demolition Corp is an industry leading interior demo sub-contractor specializing in commercial, industrial, and government demolitions and renovations. Our ownership team has over 40 years of demo experience in both the public and private sector!

J.Z. Demolition is a Hispanic owned company with an extremely diverse workforce. J.Z. demolition is experienced in small and large interior demos and is familiar with working in highly vulnerable and fragile existing areas. Our team takes great care in ensuring that our jobs get done in a way that fully satisfies our clients.
