WHEREAS, the City and the School District desire to set forth the specific terms and conditions of the service to be performed and provided by the School Resource Officer (SRO) in the School District, in accordance with R.C. 3313.951.

NOW, THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. Mission

The mission of the SRO program is to promote school safety by building a positive school climate in which everyone feels safe and students are supposed to succeed. The SRO program also seeks to reduce violent crime committed by and against youth in our community. The SRO program accomplishes this mission by supporting safe, secure, and orderly learning environments for students, teachers, and staff. The SRO will establish a trusting channel of communication with students, parents, and teachers and establish regular feedback opportunities. The role of the SRO is not to enforce school discipline or punish students. The SRO will serve as a positive role model to instill in students good moral standards, good judgement and discretion, respect for other students, and a sincere concern for the school community. The SRO will provide information on community resources available to students and parents. Goals and objectives are designed to develop and enhance rapport between youth, families, police officers, school administrators, and the community in order to promote overall student achievement and success.

The SRO may participate in a search of a student's person, possessions, locker, or vehicle only where there is probable cause to believe that the search will turn up evidence that the student has committed or is committing a criminal offense. The SRO will not ask a school employee to conduct a search for law enforcement purposes.
- B. Unless there is a serious and immediate threat to student, teacher, or school safety, the Superintendent of Schools in concert with the building principals shall have final authority in the building.

- E. Building principals and the Superintendent or his/her designee shall be consulted prior to an arrest of a student when practical. 10. Access to Education Record

- A. School officials shall allow SRO to inspect and copy any public records maintained by the school to the extent allowed by law.
- B. If some information in a student's record is needed in an emergency to protect the health or safety of the student or other individuals, school officials shall disclose to the SRO that information which is needed to respond to the emergency situation based on the seriousness of the threat to someone's health or safety; the need of the information to meet the emergency situation, and the extent to which time is of the essence, if permitted by law.

- C. If confidential student record information is needed by an SRO, but no emergency situation exists, the information may be released only as allowed by law.

11. School District Responsibilities

The responsibilities of the School District will include, but not limited to, the following:

- A. When school personnel discover weapons, drugs, alcohol, or other illegal contraband on school property, the SRO shall be notified as reasonably possible. If no juvenile or criminal charges are to be filed and no administrative action is to be taken by the School District, the contraband shall be confiscated by the SRO according to Police Department policy and properly disposed of.
- B. School personnel shall timely notify the SRO with the names of specific individuals who are not allowed on school property and shall notify the SRO of any anticipated parental problems resulting from disciplinary action taken against a student.
- C. The School District agrees to provide the SRO with a secure, private office, within one of the schools, supplied with the usual and customary office supplies, forms as well as a document scanner and printer required in performance of their duties. All I.T. must be independent and not on the school network.
- D. The School District will conduct an evaluation of the SRO and program in general on an annual basis and meet with the Chief of Police to review the evaluation and recommend changes, if any.

12. City Responsibilities

The responsibilities of the City will include, but not limited to, the following:

- A. Respond to all major criminal occurrences on school property and exercise law enforcement jurisdiction over such incidents.
- B. Assign SRO to the School District and comply with the training requirements established by this Agreement and by statute.
- C. Provide a standard patrol vehicle for the SRO and agrees to maintain such vehicle and purchase and maintain automotive insurance.

13. Criminal Activity Versus School Discipline

The SRO has the authority to issue warnings, make arrests, and use alternatives to arrest at his/her discretion while being mindful of the parties' common goal of supporting student success. The following procedures will help the SRO be as effective as possible in this role.

- a. School staff will contact the SRO to inform him/her of all violent or other criminal activity that creates a safety risk that occurs on the school campus. The SRO and school officials shall discuss and agree in writing on what levels of violent activity would prompt school officials to notify the SRO. This information will be conveyed to all school staff. In turn, the SRO will inform school administration of all criminal activity he/she observes on the school campus.
- b. For any offense on school property, the SRO, working cooperatively with the school administration, will endeavor to avoid arrest and criminal involvement for misdemeanor activity. Certain offenses (felonies), such as sex offenses, weapons offenses, and any offenses of violence, will normally require the filing of charges in consultation with school officials, but should be evaluated on a case-by-case basis. The SRO's powers to arrest will be governed by the Ohio Revised Code.
- c. Violations of the student code of conduct or school rules that are not criminal matters should always be handled by school faculty and staff, not the SRO. The SRO should not directly intervene unless the situation directly affects an imminent threat to health, safety, and security of the student or another person in the school and will employ de-escalation techniques as appropriate. The SRO will report school policy violations through the proper channels to be handled by school administration. Unless there is a serious and immediate threat to student, teacher, or school safety, the Superintendent, in concert with the building principals shall have final authority in the building.

14. Crisis Planning

The District and the Law Enforcement Agency will coordinate Crisis Planning and training. Each entity will be involved in updates and creation of new Crisis Plans. Consistency throughout the District should be adhered to.

15. Term and Termination

The term and termination of this MOU shall be as set forth in Exhibit A, a copy of which is attached hereto and incorporated herein by reference.

16. This Agreement shall be governed by and in accordance with the laws of the State of Ohio.
17. This Agreement may be modified only by written instrument signed by the parties hereto.
