Show Music		Ms. 65 – 80, J – L	Quarter Note = 145 bpm

Link for uploading: <https://forms.gle/6c2u7gN24TFXaWF87>

Remember, you should only ever submit your best take. If it's not a good video, take the 2 minutes and redo it! It will only make you better.

Each of these segments can be filmed separately. The Google Form allows you to submit up to 5 videos for each submission. Videos are due the last day of each Week.

Please say your name and what week you're uploading in your videos. This will make my life so much easier! **A metronome must be used in all videos.** Here's an example of an ideal camera angle for your video. I can see the keyboard, your body, and your technique at all times. If you're using a music stand you can adjust the camera to the side so I can still see you and the entire board at all times.
