

# UNITE 2 UPLIFT

## Q4 HIGHLIGHTS

### Dream STEAM

Our volunteer-driven STEAM workshops for elementary-age kids, focus on broadening their learning horizons and generating curiosity through a safe learning environment.

We recently conducted a workshop for over 40 first graders at a title-1 school to explore the properties of sound through hands-on activities.

## DCSD Diwali Celebration

Unite2Uplift in partnership with Douglas County School District organized the annual Diwali Celebration and Teacher Appreciation Night on November 8 at Highlands Ranch High School.

The event offered a unique opportunity to participants from across Douglas County to celebrate, gain cultural understanding, build connections, and acknowledge the unique contribution of educators in the community.

We look forward to creating more avenues like this in partnership with other community groups, to bring people together and create more community connections.

# Eagle Academy Thanksgiving food drive

This year we organized our 6th annual Thanksgiving food drive and collected supplies to support Eagle Academy & Ford Elementary. We're excited to announce that we donated over 270 pounds of nonperishable food & snacks!

Huge shout-out to our volunteers and everyone who donated and helped make this year's food drive a success!
