Volleyball Libero Tracker Instructions

Official instructions for the libero tracker can be found in the NFHS Volleyball Rules Book. The instructions below are intended as a simplified set of instructions. A Varsity match is required to have a separate person doing the Libero Tracking. If this does not occur, make a local incident report. If there are problems because a separate individual was not used, make a UIL incident report.

The libero tracker is charged with tracking the libero replacements with two primary responsibilities:

1. Assure that once the libero is replaced, at least once rally/dead ball must take place before the libero can replace another player.
2. Ensure that when the libero leaves the court, the player replacing the libero must be the same player that the libero replaced when he/she last entered the set.

BEFORE THE START OF EACH SET

Obtain the lineup sheets and record the uniform numbers of the starting players in serving order. If no libero is indicated, notify the 2nd referee.

AFTER THE COIN TOSS

1. After the coin toss, review the lineups submitted and record all libero replacements accurately so that the sheet reflects who is on the court.
2. If an incorrect libero replacement occurs, notify the 2nd referee during the dead ball unless the team immediately corrects the replacement with no delay, or if discovered after play begins, at the next dead ball.

DURING THE MATCH

1. Record all substitutions and libero replacements on the libero tracking sheet.
2. Notify the 2nd referee if the libero replaced an incorrect player or an undesignated libero enters.
3. Notify the officials if the libero does not remain out of the set for one rally between replacements.
4. Notify the officials if the libero leaves the court and nears the bench and the goes directly to the server position.
5. Communicate with the scorer to ensure accuracy.
6. Report the status to the 2nd referee at the beginning of a timeout.

- Enter the libero # next to the L.
- Enter the starting player (SP) #s in serving order under the SP column.
- When the libero enters, slash the player number and enter L.
- When the libero is replaced, slash the L and enter the player's #.
- Record regular subs the same way.
- If the libero serves, place a triangle around the serving order position in which the libero served.
