

## Hendricks Isle / Isle of Venice Proposed Residential Parking Permit Guidelines and Restrictions

This proposed Residential Parking Permit Program (RPPP) is designed to provide residents of the Hendricks Isle & Isle of Venice with relief from non-resident parking issues while offering reasonable access to parking near their place of residence. The Residential Parking Permit is intended for individual resident use only and is not for resale, commercial, industrial, or business operations.

Once the parking study is completed it will be submitted to the City for review to determine if Hendricks Isle / Isle of Venice are eligible to be designated as a residential parking permit district. If so, the City Commission will conduct a public hearing and determine if all of the criteria set forth in the City's code have been met.

The current proposed RPPP is as follows:

- Permits are valid 24 hours a day / 7 days a week.
- Parking is limited to 24 hours per spot (cars must be moved every 24 hours)
- Maximum of four (4) permits per residence.
- Space availability will be based on a first come, first serve basis, and does not guarantee available parking.
- Non-permitted vehicles may only park in permitted areas for a maximum of 3 hours.
- All parking violations will be enforced, including vehicle immobilization.

Hendricks Isle / Isle of Venice Residential Parking Permit Program is an annual program with permits valid June 1<sup>st</sup> – May 31<sup>st</sup>. Permits will not be prorated.

- Applicant must own in the applicable area (Hendricks Isle or Isle of Venice) and must provide the following documents with name and address:
  - ⊖ Current valid driver's license or any other government issued ID.
  - Proof of ownership for the property.

Maximum of two guest permits per residence are available with purchase of a Residential Parking Permit.

The annual \$40.00 permit will be available for purchase, in person, at:
