- **Glenn Godshall – is planning the following.**

I am planning to add some riding days on either side of upcoming rides. Please reach out to me ASAP if you are interested in joining one or both rides.

August 31 – September 7 - I will be joining a group tour in the Gaspé Peninsula, Quebec. Depending on weather and the desires of any others who may choose to join me, I will add 2 or 3 days of riding in northern Maine on the way to or from this guided saddlebag trip. Here is the blurb from the Quebec Certified Guide:

The plan for our trip to the Gaspé Peninsula is finalized and waiting to hear back from a couple places and a BRP dealer to put final price on the trip and rental cost for SxS for those interested in renting a machine.

Our Start-point will be Grande Nature Village in the Chic Chocs. We will check into the lodge on Saturday August 31. We will get familiar with the trails in that area on Sunday September 1st. Then Monday the 2nd we will begin our 280-mile trek to Perce. Monday night we will stay at one of our favorite snowmobiles stops, the Motel in Grande Vallee. Tuesday we will complete the 280 miles to Perce. La Cote Surprise is our choice for lodging Tuesday night.

Wednesday we will ride back to Grande Vallee and Thursday back to Grande Nature Village. Our last day of riding will be Friday exploring more trails around Grande Nature Village. Saturday September 7 we will pack up and head back home

This will be a great trip making two trips across the most scenic area of the Gaspé, the spectacular North Shore!

September 20 – September 29, includes Club ride to Mines & Meadows & End of Season ride at Susquehannock. After the days riding with the club at M&M, I plan to hit each of the following ATV trail systems for 1 or 2 days each, depending on the group consensus and weather conditions. The places I plan to visit are Majestic Trails, Allegheny National Forest; & Tall Pines ATV Park; Andover, NY. I will be camping in my toy hauler at each location. I have found campsites with direct trail access. Most also have cabins or motel rooms nearby for those not wanting to tent or RV camp. THEN, I will join up with the club the following weekend for our End of Season ride on the Susquehannock trail system and the DCNR North Central Regional ATV Trail system (previously called the pilot program).
