ICE FISHING SHANTY REGULATION ORDER 251.18

January 25, 2021

Dear Woodbeck Chain of Lakes resident:

A quick reminder...Fisheries Order 251 covers regulations on ice fishing shanties used for fishing. Your ice shanty must be identifiable. Information identifying the owner must be affixed to each side of the outside of the fishing shanty in legible alphanumeric characters not less than 2 inches in height. The alphanumeric characters must be readily visible and consist of materials that are not soluble in water. The information identifying the owner must be 1 of the following:

- a) The owner's name and address
- b) The owner's driver license number.
- c) The number of the owner's DNR sportcard issued under MCL 324.43522

Placing the information identifying the owner on a piece of wood, plastic, or other material and affixing that piece of material to the fishing shanty does not satisfy the requirements.

The identification requirement does not apply to a tent or other temporary shelter if the tent or shelter is removed from the ice at the conclusion of each day's fishing activity.

Please comply with this regulation and put your identification on your shanty immediately.

Thank you!

Thomas Stressman
