### **Mission:**

Our mission is to build an inclusive, connected, and informed community through integrated services that provide culturally responsive support including mentorship, tutoring, and employment assistance. The project is committed to advocating for the BIPOC community it intends to serve. We acknowledge that Systemic racism has a wide range of consequences for Black youth who face social injustice and inequity on a systemic level due to the deep-rooted nature of Anti-Black and Anti-Indigenous Racism.

### **Vision:**

We aim to curate a safe and inclusive environment with services and programs that enhance the welfare of BIPOC Communities across the GTHA.
